Apartment/College Residence Halls • Mixed Use Buildings
Commercial/Industrial • Business/Home Multi-Unit

ACCESS CONTROL SOLUTIONS

CUSTOMIZING YOUR DEVICE IS EASY WITH ALL THE FEATURES OF **DKS PROGRAMMING**

ACCOUNT MANAGEMENT • DATA TRANSFER • DATABASE MANAGEMENT • EVENT ACTIVITY REPORTING

SIMPLE DATABASE MANAGEMENT

Enter or import employee/resident information, set access restrictions, assign device codes & set entry codes all in one place.

ANTI PASS-BACK

Prevent multiple people from using a single card. Access cards must enter through the IN point and exit the OUT point before being used at the IN point again.

DETAILED LOGGING

View time-stamped records of access activities performed by the entry system.

24/7 ONLINE PROGRAMMING

Freedom to work when and where you want.

- Use Cloud Programming through any browser on any computer, tablet or smartphone. Desktop Pro-gramming is used from your PC with the Remote Account Manager software installed, anywhere there's an internet connection.

IMMEDIATE & SCHEDULED DATA TRANSFERS

Instant or automatic scheduled transferring and receiving of user information and event activity transactions between the programming account and entry system.

NO DATA OVERWRITES

Everyone (with proper permissions) works with the same redundant database that is protected, secure and continuously backed up.

- Cloud Programming Only

3000 NAMES & PHONE NUMBERS

Program multiple names and numbers per entry system. Add a mobile phone number to receive requests for entry and grant visitor access from anywhere.

8000 DEVICE CODES

Multiple access control device choices — mix or match card readers, keypads, and/or RF controls. Program multiple devices for each user.

BACKUP & RESTORE

Easily save and restore or transfer accounts and user information to different computers.

FACILITY ACCESS CODES

Ensures that duplicate codes from other properties cannot work at your location.

ACCESS DEVICE ASSOCIATION

Assigns a group label to access codes for easy identification (Card, Transmitter, PIN).

HOLD OPEN

Up to 7 time zones can be created to hold open a door or gate at a controlled access point.

LIVE TRANSACTIONS

View access transactions through the programming account as they happen (Desktop software only - requires wired connection).

FACILITY COUNTER

Indicates how many card holders are in your property at any time.

SHARE INFORMATION

Share user information database between multiple entry systems.

SECURITY PERMISSION LEVELS

Create up to 29 different security levels with multiple time zones of allowed entry.

ELEVATOR CONTROL

Set restrictions for elevator use, allowing residents, guests or employees access only to designated floors.

HOLIDAY SCHEDULE

Scheduled Hold Open time zones can be overridden during specified holidays.

CLOUD ACCOUNT MANAGER

Browser-based programming and management system you can access on any device, anywhere.

Using any computer, tablet or smartphone, log into your DKS access system through your preferred internet browser. All programming is done in the Cloud, so you'll never have to download and upload the database, or inadvertently overwrite another administrator's changes. The Cloud Account Manager was developed for administrators and staff of multi-unit and multi-use buildings to easily program and manage their entry systems from any device, anywhere, at any time. The Cloud makes working remotely seamless like never before. Compatible with DKS models 1833, 1834, 1835, and 1837 Telephone Entry and Access Control Systems, and with the model 1838 Multi Door Card Access System.

Protected, Secure, Continuous BackupUp

No Downtime Due to PC Issues

Convert Your Desktop Database in a Few Clicks

No Additional Cost to You

DESKTOP ACCOUNT MANAGER

DESKTOP ACCOUNT MANAGER SOFTWARE

Also known as DoorKing's Remote Account Manager, this software is powerful, flexible and easy to use. The software was designed to reside on one PC and is perfect for multi-unit or multi-use buildings. Built to handle 1 to 3,000 access users, you can program from your PC anywhere there's an internet connection, or program on location even without the internet, (requires RS-232 connection to the entry system). Available at no additional cost to you, use this program with DKS models 1833, 1834, 1835 and 1837 Telephone Entry and Access Control Systems, and with the model 1838 Multi Door Card Access System.

PC COMPATIBLE SOFTWARE

- ✓ Compatible with Windows 7, 8 and 10.
- ✓ Free download at doorking.com

INTERNET PROGRAMMABLE: DKS PLUG & PLAY CONNECTION OPTIONS

Choose from these connection options to enable Cloud or Desktop programming of your DKS Entry System from anywhere with an internet connection.

CELLULAR*

A DKS wireless option that replaces standard telephone lines and internet connections. No telephone lines or ethernet cable to install or maintain.

UNLIMITED RANGE

Nationwide coverage. Set up your DKS Telephone Entry system wherever cell service is available in all U.S. states and its territories.

PLUG AND PLAY**

Give it power, enable cell service, and you're ready to go.

DKS Cellular Option™

INTERNET**

Use DKS VoIP and TCP/IP adapters for easy plug & play setup. No routers, port forwarding, IP addresses, firewalls or DDNS services to deal with.

DKS Internet Options™

DKS IM SERVER MODEM™

Utilizes the POTS (Plain Old Telephone Service¹) line at the telephone entry system to provide data (programming) transfer via the internet.

DKS IM Server Modem™
(Pat: 9,049,306)

¹ DoorKing does not recommend using a POTS line and modem for data transfer as we can no longer guarantee modem connections. Several phone company services and switches no longer support modem communications since these devices are considered to be obsolete technology. The telephone line at the entry system must support G.711 level service for the IM Server Modem to work. You should also be aware that modem communications will not work over cellular or VoIP connections.

* DKS Cellular operates on the AT&T*** 4G-LTE cellular network (where available), and as such, a monthly subscription fee applies (just like your cell phone). The DKS Cellular service provides very competitive monthly rates for your cellular service. DKS Cellular service is available in all states, Puerto Rico, U.S. Territories, Canada and Mexico. DKS Cellular service is not available in other countries.

** DKS subscription-based service.
